February 3, 12:30 – 1:15 pm

February 16, 12:30 – 1:15 pm

Call Number: 1-888-921-8686

Passcode: 103-100-1045

2) Talk to Chapter 2 EDSI Co-Directors

Email Chapter2@aap-ca.org to schedule an individual call.

Apply By February 22:

Download application materials at

www.aapca2.org

Save the Date:

In-person Learning Session:

Friday April 2 8:30 am - 4:30 pm

Saturday April 3 8:30 am - 1:00 pm

Receive free screening tools!

The first 30 practices to sign up will receive \$450 of free screening tools.

The EDSI Learning Collaborative helps primary care physicians:

- increase practice efficiency and flow
- enhance preventive care
- increase satisfaction of patients

National experts and local, experienced peers help doctors adopt streamlined processes for preventive care and developmental screening.

Quality improvement coaches teach doctors and their staff techniques for making changes that improve office flow.

Benefits to participating practices include:

- Credit to meet the new Part IV, Performance in Practice requirement in Maintenance of Certification from the American Board of Pediatrics
- Earning FREE Continuing Medical Education credits
- Learning a system of care that uses new, practical, AAP-backed developmental screening tools.
- Better communication and coordination with local programs (such as Regional Center) to save time and resources.
